

Chevron in California by the Numbers

No. 1

Chevron is the largest company in California based on 2007 revenues.

750,000,000

Chevron has invested \$75 million with California startup companies and entrepreneurs in the field of emerging technologies since 2000 (Chevron Technology Ventures)

9.2 Billion

Estimated total value of Chevron's 2007 economic output in California, including direct and indirect value.

\$1.8 Billion

Since 2007, Chevron spent \$1.8 billion with small businesses, about 40% with minority- and women-owned businesses.

74 Million

Barrels of California oil produced by Chevron's operations in the San Joaquin Valley in 2007, roughly 32 percent of the state's annual oil production (Energy Information Administration)

28 Million

In 2009, Chevron invested approximately \$28 million in non-profits in the state of California, with a strong focus on education, entrepreneurs and job training (Chevron)

22,900

Number of jobs supported directly and indirectly in the Bakersfield area by Chevron, which accounts for about one-fourth of the region's economic activity industrywide.

9000

During Chevron's 2009 Volunteer Week, approximately 2,550 employees in California rallied to work on 225 projects with 90 non-profits, totaling nearly 9,000 hours of service (Chevron).

8.4 million

Safe miles driven in California by Chevron's gasoline delivery trucks in 2007

700

Number of Boeing 737 jetliners Chevron could fill daily based on its aviation fuel sales in California, where it is the largest supplier

329,000

Gallons of Chevron gasoline dispensed in 2007 on average each hour to Californians at more than 1,500 branded service stations statewide

3,000

The approximate number of deep-sea tanker voyages Chevron Shipping manages from its San Ramon, California headquarters, which help move the approximately 365 million barrels of crude oil Chevron transports per year.
