Dear Mr. O'Hair,

On behalf of the board of directors, the parents, and especially the children we serve Thank you! Thank you for being dedicated in giving back to the community.

For us, this gift of \$2,500 will enable us to continue meeting in the needs of the young people who reside in the Richmond and San Pablo communities. Our youth receive assistance with their homework, tutoring, and self-paced computerized tutoring. Each youth, every day, is provided with a healthy and tasty snack. We have found that feed them, they are nicer. After snack and after homework they are free to participate in such as ballroom dancing, book club, science club, games room activities, fitness, computers, arts and crafts, and sports.

Without the support of generous and caring people such as yourself our work serving this very worthwhile and needy group would be extremely difficult. Thanks again for your donation.

Respectfully,

Judy Reed
Executive Director

P.S. Please feel free to stop by the club any time and meet the children you so generously assist.
