	Grievance Mechanism Guidance Summary	<p>Operational-level grievances</p> <p>In 2016, Chevron introduced a Grievance Mechanism Guidance to encourage best practice in community feedback systems and to enable our business units to identify and respond to community concerns that may call for remedy. Chevron's guidance helps business units design or update a grievance mechanism that strives to be legitimate, accessible, predictable, equitable, transparent and rights-compatible. The mechanism is based on engagement and two-way dialogue which promotes continuous learning.</p>
