

industry-specific reporting

we report against the IPIECA/API/IOGP guidelines for the oil and gas industry

overview

The third edition of the *Oil and gas industry guidance on voluntary sustainability reporting*, published in 2015, was jointly produced by IPIECA, the global oil and gas industry association for environmental and social issues, the American Petroleum Institute (API), and the International Association of Oil & Gas Producers (IOGP). The guidance represents industry consensus on the most prevalent issues and indicators for the oil and gas sector, and Chevron played a role in its development.

The guidance includes indicators and reporting elements to help companies report on priority issues. Chevron currently reports on all 34 indicators. In the table below, we signal how we believe our reporting meets the intent of the common reporting elements in the indicator descriptions, and we provide relevant links to our reporting on each indicator.

key to level of reporting

None

This indicator is not reported.

Partial

This is partially reported.

Full

This is fully reported.

environmental indicators

Code	Environmental Indicator	Status
E1	<p>Greenhouse gas (GHG) emissions: report quantity of GHG emissions, including carbon dioxide and methane, from combustion and other processes.</p> <p>Learn more about E1</p> <p>About greenhouse gas emissions</p>	Full
E2	<p>Energy use: report total quantity of energy consumed in oil and gas operations or other business activities.</p> <p>Learn more about E2</p> <p>About energy efficiency</p>	Full
E3	<p>Alternative energy sources: report on company research, plans or current initiatives related to alternative or renewable energy sources.</p> <p>About renewable energy and emerging technology</p>	Full
E4	<p>Flared gas: report the quantity of hydrocarbon gas flared to the atmosphere from operations.</p> <p>Learn more about E4</p> <p>About greenhouse gas management</p>	Full
E5	<p>Biodiversity and ecosystem services: report on how the company addresses biodiversity and ecosystem services (BES) aspects to ensure that operational dependencies and potential impacts are appropriately mitigated, associated potential risks are effectively managed and potential opportunities for BES enhancement are identified.</p> <p>About biodiversity</p>	Full
E6	<p>Fresh water: report quantity of fresh water withdrawn or consumed by oil and gas operations and summarize actions taken to manage identified risks associated with freshwater use.</p> <p>Learn more about E6</p> <p>About water</p>	Full

Code	Environmental Indicator	Status
E7	Discharges to water: report quantities of discharges to a surface water environment from oil and gas operations. Learn more about E7	Full
E8	Other air emissions: report quantities of emissions to the atmosphere from oil and gas operations. Learn more about E8	Full
E9	Spills to the environment: describe systems implemented to prevent spills to the environment and quantify spills including details of any significant spills and response measures undertaken. Learn more about E9 About emergency management	Full
E10	Waste: report quantities of waste from oil and gas operations. Learn more about E10	Full
E11	Decommissioning: describe the company's approach to planning and execution of decommissioning activities (includes abatement, demolition, remediation and reclamation). About site residual impacts	Full

health and safety indicators

Code	Environmental Indicator	Status
HS1	Workforce participation: describe health and safety management programs and processes to facilitate participation of the workforce at all levels in health and safety dialogues. Learn more about HS1 About workforce health and safety	Full
HS2	Workforce health: describe programs and processes for identifying and addressing significant workforce health issues, especially at the community and country level. About workforce health	Full
HS3	Occupational injury and illness incidents: report health and safety data on workforce injuries or illnesses resulting from occupational incidents. Learn about HS3	Full

Code	Environmental Indicator	Status
HS4	<p>Product stewardship: describe the company’s approach to assessing and communicating product health, safety and environmental risks.</p> <p>About product stewardship</p>	Full
HS5	<p>Process safety: report the number and description of Tier 1 and Tier 2 process safety events based on the consequence criteria defined by API Recommended Practice 754—<i>Process Safety Performance Indicators for the Refining and Petrochemical Industries</i> and IOGP’s report entitled <i>Asset Integrity—Key Performance Indicators</i>.</p> <p>Learn about HS5</p> <p>About process safety</p>	Full

social and economic indicators

Code	Environmental Indicator	Status
SE1	<p>Local community impacts and engagement: describe policies, strategies and procedures for understanding and addressing local community impacts and engaging with affected stakeholders.</p> <p>Learn more about SE1</p> <p>About OEMS stakeholders focus area</p> <p>About human rights: communities</p>	Full
SE2	<p>Indigenous peoples: describe policies, programs and procedures used for engagement with Indigenous Peoples and for addressing their concerns and expectations.</p> <p>About indigenous peoples</p>	Full
SE3	<p>Involuntary resettlement: describe policies, programs and procedures related to involuntary resettlement.</p> <p>About involuntary resettlement</p>	Full
SE4	<p>Social investment: describe strategies, programs and procedures relating to social investment, and their effectiveness.</p> <p>Learn more about SE4</p> <p>About social investment</p>	Full

Code	Environmental Indicator	Status
SE5	<p>Local content practices: describe policies, programs and procedures related to local content.</p> <p>Learn more about SE5</p> <p>About local content practices</p>	Full
SE6	<p>Local hiring practices: describe the company's strategies, programs and procedures to provide employment opportunities to residents or nationals of host countries and communities.</p> <p>Learn more about SE6</p> <p>About local hiring practices</p>	Full
SE7	<p>Local procurement and supplier development: describe the company's strategies, programs and procedures to improve the ability of local suppliers and contractors to support operations and carry out projects.</p> <p>Learn more about SE7</p> <p>About local procurement and supplier development</p>	Full
SE8	<p>Human rights due diligence: describe the company's approach to human rights due diligence including supporting processes.</p> <p>Learn more about SE8</p> <p>About human rights</p> <p>About our human rights policy</p>	Full
SE9	<p>Human rights and suppliers: describe the approach, programs and processes to promote respect for human rights and labor practices by suppliers.</p> <p>Learn more about SE9</p> <p>About human rights and suppliers</p> <p>About our human rights policies</p> <p>About supplier expectations</p>	Full
SE10	<p>Security and human rights: describe policies, programs and processes related to security and human rights.</p> <p>Learn more about SE10</p> <p>About security and human rights</p> <p>About human rights programs</p>	Full

Code	Environmental Indicator	Status
SE11	<p>Preventing corruption: describe policies, programs and procedures to prevent bribery and corruption, and mechanisms to monitor compliance.</p> <p>Learn more about SE11</p> <p>About business conduct and ethics code</p>	Full
SE12	<p>Preventing corruption involving business partners: describe anti-corruption policies and procedures applicable to business partners, including suppliers and contractors.</p> <p>Learn more about SE12</p> <p>About ethics expectations for suppliers</p>	Full
SE13	<p>Transparency of payments to host governments: describe policies and programs for the promotion of revenue transparency.</p> <p>About revenue transparency</p>	Full
SE14	<p>Public advocacy and lobbying: describe the company's approach to managing public advocacy, lobbying and political contributions.</p> <p>About political contributions and lobbying</p> <p>About the board of directors, governance and ethics</p>	Full
SE15	<p>Workforce diversity and inclusion: describe policies, programs and procedures promoting diversity and inclusion.</p> <p>Learn more about SE15</p> <p>About diversity and inclusion</p>	Full
SE16	<p>Workforce engagement: describe the company's approach to workforce engagement.</p> <p>Learn more about SE16</p> <p>About workforce engagement</p>	Full
SE17	<p>Workforce training and development: describe approach, programs and procedures for providing workforce training and development opportunities.</p> <p>Learn more about SE17</p> <p>About workforce training and development</p>	Full
SE18	<p>Non-retaliation and grievance system: describe non-retaliation policy and confidential workforce grievance system.</p> <p>About governance and ethics</p> <p>About the non-retaliation and grievance system</p>	Full
