creating prosperity in Australia

five ways chevron’s 30-year partnership with Australia is driving economic development

**job growth**

150,000 jobs
created around Australia

that's approximately the population of Cairns

**local suppliers**

900+ contracts
awarded to Australian suppliers

---

In 2015, Chevron commissioned a study conducted by ACIL Allen Consulting for projects Chevron has invested in and our other activities in Australia. All economic forecasts are from 2009-2040 and are presented in real dollars based on the January 2015 exchange rate of $0.85USD = $1AU.
