**NARRATOR:** This is about DOERS, helpin' to keep El Segundo clean and sniffin'

**NARRATOR:** Eh, not that kind of sniffin'. This kind

**DOER #1:** Chevron sniffs over 320,000 refinery components for emission levels.

**NARRATOR:** Makin' sure the refinery is up to snuff.

**MOM:** And that means...?

**NARRATOR:** Using a high-tech sensor, they test for emission levels, making sure the levels are even less than a marker...

**DOER #2 :** And if the levels are too high, we fix them.

**MOM:** Less than a marker. Wow.

**NARRATOR:** One of the ways Chevron is helpin' to keep El Segundo clean.
