

biographical information

Kristen Ghattas
Vice President, CCS & Lithium

Kristen Ghattas is Vice President, Carbon Capture and Storage (CCS) & Lithium where she is responsible for leading and building the company's Carbon Capture and Storage and Lithium business lines.

Kristen previously served as Vice President, Gas Supply & Trading for the Americas, where she led the company's Americas Natural Gas and Global Natural Gas Liquids trading activities. She was also General Manager, Value Chain Optimization and Commercial, where she was responsible for the company's wellhead to customer margin optimization for Chevron's significant Permian and Haynesville assets; and General Manager for Special Projects, Energy Transition, leading commercial and strategy activities for Chevron's New Energy business.

Kristen joined Chevron with the acquisition of Noble Energy in 2020 and led the Noble merger integration team. At Noble, she held positions of increasing responsibility including Vice President, Strategy & Planning; Director, Corporate Strategic Planning, Environmental Analysis, and Reserves; and Director, Eastern Mediterranean Strategy & Planning.

Kristen started her career at J.P. Morgan in Mergers & Acquisitions (M&A) Investment Banking, and has worked across multiple industries including technology, media, and oilfield services. She received her BA in Economics, JD, and MBA from Yale University.

Kristen currently serves on the board of Hess Midstream (NYSE: HESM) and previously served on the Executive Committee of the Center for LNG and on the Board of Brightmark RNG Holdings LLC, a renewable natural gas joint venture with Chevron. She lives in Houston with her husband and two sons, and enjoys teaching, travelling, and team sports.
